Objective:

Highly motivated software engineer with a diverse skill set encompassing Python, front-end development (React, HTML, CSS, JavaScript), and cloud technologies (AWS). Eager to kickstart a dynamic career and contribute to innovative software projects.

SKILLS

Python Programming:*
- Proficient in Python for server-side development.
- Experience creating RESTful APIs for seamless communication.
- Familiarity with popular Python libraries and frameworks.

Front-End Development:
- Proficient in React, Next.js, HTML5, CSS3, and JavaScript.
- Knowledge of responsive design and cross-browser compatibility.
- Strong problem-solving and debugging skills.

Back-End Development:
- Strong understanding of back-end development principles and methodologies.
- Version Control: Git for code management and collaboration.

AWS Cloud:
- AWS Certified Cloud Practitioner (in progress).
- Exposure to AWS services like EC2, S3, and Lambda.
- Basics of cloud architecture and deployment.

Soft Skills:
- Team Collaboration
- Effective Communication
- Exceptional Time Management

Projects

[Image Searching Web With API]

EDUCATION

Advanced Certificate Program in Full Stack Software Development (In Progress)
IIT ROORKEE, India (e-Learning)
Specialization in Cloud Computing
Expected Completion: 2024

Master of Computer Applications - MCA

Jaipur National University, Jaipur, India
[Year of post-graduation- 2021]

Bachelor's Degree in Computer Science-BCA

Maharshi Dayanand Saraswati University, Ajmer, India
[Year of Graduation- 2017]

Certificates:

- 100 Days of Code: The Complete Python Pro Bootcamp for
- Instructor - **Dr. Angela Yu**
- Front-End development path (Scrimba.com)
- **React course** Master modern React from beginner to advanced!
  Context API, React Query, Redux Toolkit, Tailwind, advanced patterns

  Instructor - **Jonas Schmedtmann**

Additional Skills:

- Design Tools: Adobe XD, Figma

Working Status:

- **Note, Poland**
- Possess a valid work permit in Poland and open to relocation.
